Not the Loose Women

Ladies lunch was held on Thursday 28th November 2008 at The Prince Regent Hotel, Chigwell.

Over 270 guests attended the lunch and The Local Angels were delighted with the overwhelming support from local businesses and private individuals who sponsored tables, donated raffle prizes and goodie bag items.

Comedienne and impressionist, Caroline Bernstein led the panel with the discussion 'Is surgical enhancement the answer to eternal happiness?' Guests heard stories and opinions from Nicki Waterman (celebrity personal trainer), Tracy-Ann Oberman (actress and writer) and renowned plastic and reconstructive surgeon Venkat Ramakrishnan.

The afternoon was hailed as a great success raising over £6,500 for Jewish Care in Redbridge. The Local Angels would like to thank all those who donated their time and gave so generously.

Ladies left the event laden down with goodie bags and gifts, including OK! Magazines, Malibu lipglosses, Este lipstick compacts and Squosh bracelets or purses.
